

Thursday April 5, 2012

Northwest Georgia members and friends...Please join us on Thursday, April 5 at the Western Sizzlin on Legion Drive in Dalton for our next chapter meeting and a special presentation on a safety product made right here in Georgia.....

Air Vizion has developed a system designed to remove water droplets that accumulate on vehicle side view mirrors during rain events by delivering a burst of compressed air to the mirror surface.

This technology:

- Enhances Driver Visibility
- Improves Safety while Backing Up or Changing Lanes
- Reduces Vehicle and Property Damage
- Reduces Driver Stress by Eliminating the need to Wipe Down Wet Mirrors

Rick Cooper, founder of Air Vizion Technologies, has more than two decades of trucking industry experience. Mr. Cooper has developed an easy to use, high quality product for the trucking and commercial transportation industry designed to improve driver safety. The system is designed to work on vehicles with a secondary air source by delivering a burst of compressed air to the mirror surface. This clears water droplets from the mirrors and greatly enhances driver visibility. The driver activates the system by pressing a release button conveniently located in the vehicle cab.

Local trucking companies, Rosedale Transport & Ownby Enterprises, are currently using the Air Vizion system and Mohwak Industries has it in the test phase now. All these companies have one goal in mind: Improving safety by reducing accidents and relieving driver frustration in having to keep the mirrors clear.

Come see us on Thursday, April 5 at the Western Sizzlin and enjoy a great lunch with your friends and get a few more details on this innovative product. Meeting time is at 11:30 am, and we hope to have everyone on their way back to work by 1:00 pm. Please let us know if you can join us and send in your reservations promptly. Remember, friends, guests and potential GMTA members are always welcome! See you on April 5th.

Please register me for the:

DALTON LUNCH MEETING: Thursday, April 5 @ 11:30 AM

Western Sizzlin' Restaurant 501 Legion Drive, Dalton
